RISK MANAGEMENT PHILOSOPHY

The assumption of risk is inherent in all businesses.

At Barloworld, we understand that risk represents both threats and opportunities and that risk management is about sound decision making.

Therefore, Barloworld's risk management is about providing and maintaining one integrated enterprise risk management framework, methodology and system enabling the organisation to apply an integrated risk-based approach to organisational strategy, business planning, and business management (performance) ensuring sustainability and resilience.

Risks in Barloworld are addressed in a manner commensurate with our risk appetite and takes into account the returns we aim to deliver.

We have a responsibility to identify, evaluate and manage risk effectively whilst also considering the interests of all our stakeholders.
